

## ***Get started – towards successful delivery of the new specification (first teaching from September 2009)***

### **Aimed at**

All new and experienced teachers, Heads of Department, and Centre Assessors.

### **Overview**

This **full day course** is designed to give you a sound understanding of the new OCR specification. The sessions will include an introduction to the structure and content of the new specification in preparation for delivery. It will:

- Examine useful resources and provision of support
- Enable you to network and share ideas for best practice
- Consider the collation of appropriate evidence for portfolio building
- Develop practical methods of monitoring assessors' performance
- Offer advice on preparing candidates for the external assessment.

*Please read the subject specification before attending the course.*

***Note: although we endeavour to distinguish between the Get ready and Get started events, there will be some similarity to the half day Get ready sessions that have already taken place. However, this full day course will look at the new specification in more depth, with emphasis on first delivery. There may be some similarity in the materials between the Get ready/Get started courses but the latter will have approved, rather than draft, documentation.***

### **Detail**

Date	Location	Course Code
Tues 3 Mar 09	London	OCZA401
Tues 17 Mar 09	Birmingham	OCZA402
Fri 27 Mar 09	Manchester	OCZA403
